Executive Order No. 12778

The Office of the General Counsel has determined that these regulations meet the applicable standards provided in subsections 2(a) and 2(b)(2) of Executive Order No. 12778. The provisions of this rule will not have a retroactive effect prior to the effective date. The provisions of this rule will preempt state and local laws to the extent such state and local laws are inconsistent herewith. The administrative appeal provisions published at 7 CFR parts 11 and 780 must be exhausted before any action for judicial review may be brought.

Environmental Evaluation

This action is not expected to have a significant impact on the quality of the human environment, health, and safety. Therefore, neither an Environmental Assessment nor an Environmental Impact Statement is needed.

National Performance Review

This regulatory action is not being taken as part of the National Performance Review Initiative to eliminate unnecessary or duplicative regulations and improve those that remain in force.

Background

FCIC herewith amends the Dry Bean Crop Insurance Regulations (7 CFR part 433) to extend the contract change date to February 15, 1997. This action is taken in order to provide sufficient time for FCIC to receive and respond to comments on the proposed rule and to publish a final rule for insuring dry beans.

The contract change date, included in the crop insurance policy, is the date by which all contract changes must be on file in the service office.

FCIC has under consideration a proposal to add to the Common Crop Insurance Policy (7 CFR part 457) a new section, 7 CFR 457.150, Dry Bean Crop Provisions. It is felt that there is not sufficient time for FCIC to solicit and respond to public comment and publish a final rule addressing the complete proposed rule before the December 31, 1996, contract change date.

Therefore, Kenneth D. Ackerman, Manager, FCIC has determined that the extension of the contract change date is necessary to provide sufficient time for FCIC to complete the comment process and publish a final rule amending the dry bean crop insurance policy for the 1997 crop year.

It is further determined that such extension will not be detrimental to any program recipient, and that publication of the extended contract change date as a proposed rule for notice and comment is impracticable, unnecessary, and contrary to the public interest. Therefore, good cause is shown for making this rule effective upon publication.
